

Environmental Policy IRO AB

Certify according ISO 14001:2004

Through continuous improvement and systematic effort we will strive to reduce the environmental impact of our company.

We will continuously set targets for our environmental impact and actively work to achieve them.

We will handle chemical products, raw materials and waste in a manner that minimizes the risk of contamination.

We will motivate, inform and enhance the skills of our personnel regarding environmental issues.

Environmental aspects will be considered in our product development.

IRO AB will comply with applicable laws and requirements concerning the environment.

Ulricehamn February 2010

Paul Karlsson / Managing Director IRO AB
